

Computing: We are Animators—Y2 T5

Learning link

In Year 1 we planned videos and used storyboards.

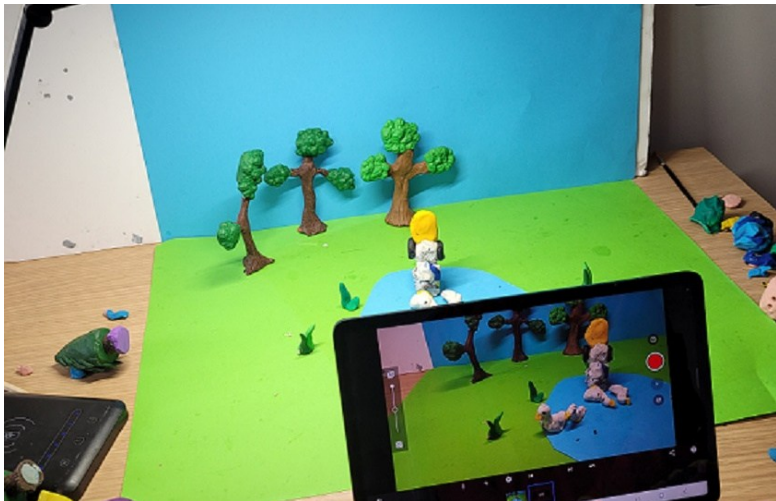

In Year 2 we use iPads to take photos.

Key learning - We will learn.....

- how animation works.
- to plan using storyboards
- to create characters, props and backgrounds.
- to film and edit our animations.
- to record audio and sounds.

Where is this used?

Animators use stop-motion to make TV shows and films. Wallace and Gromit is made using stop-motion animation!

Vocabulary

animation		Videos made by playing lots of photos together.
background		The picture at the back of your animation.
character		People, animals and other objects in an animation.
frame		A single photo from the animation.
soundtrack		Music and other sounds.
stop-motion		Making small changes to each photo in the animation.

Keeping safe
